October 3, 2003

Dear Advisory Board.

After prayerful consideration I have decided to submit my resignation, rather than a resume.

I started this job in March 1991, after Reid Newby and Inez Crothers, (who were not married to each other) both retired at the same time. I have never received any formal complaints about my job performance, yet I was told by Bob Esterbrook, in a phone conversation on Wednesday, September 10th and again at the Advisory Board Meeting that I have to re-apply for the job, if I want to continue.

Its obvious the Boards of Big Wood Canal Co. and American Falls Reservoir District # 2, want us both gone. The stress of trying to satisfy them has become too much. Effective Oct 31, 2003 I will no longer be employed by Water District 37 & 37M.

If you need to contact me you can send correspondence to 233 East 10th, Gooding, Idaho.

Respectfully,

Norma Peterson

Jerry:

During the Advisory Board meeting, I was given the impression that I could submit a resume. I was also aware that both Big Wood Canal Co, and American Falls Reservoir District # 2, would not give much consideration to my resume. With God's direction, I am submitting my resignation. October 31, 2003, will be my last official day of employment with Water District 37 & 37M.

I have enjoyed my work and acquaintances, and thank God for the past 13 years.

If you need to contact me you can send correspondence to 233 East 10th, Gooding, Idaho.

Sincerely,

Lee R. Peterson
